ISO 31000:2018 RISK MANAGEMENT SYSTEM INTERNAL AUDITOR TRAINING COURSE

TIME (DAY)	2
TRAINING OPTIONS	General Participation & In-House & Online
LANGUAGE	Turkish, English
COURSE CODE/ACCREDITATION	CPD

COURSE AIM

To provide guidance and practical experience in planning, executing, reporting and audit follow-up, while monitoring the effectiveness and compliance of an internal audit according to ISO 19011 and a risk management system according to ISO 31000: 2018.

Identification, modelling of risks and the establishment, analysis and review of relevant risk models are written in ISO 31000: 2018 Risk Management standard. The risk model to be established in accordance with this standard and whether the system is set up correctly, and whether the established risk management system is operated correctly and effectively is possible with inspections.

Although ISO 31000: 2018 Risk Management Standard is not able to certify, this training provides useful information about how to make audits of risk management models of companies with a proactive perspective.
