PRIVACY INFORMATION MANAGEMENT SYSTEM AWARENESS TRAINING COURSE

TIME (DAY)	1
TRAINING OPTIONS	General Participation & In-House & Online
LANGUAGE	Turkish, English
COURSE CODE/ACCREDITATION	CPD

COURSE AIM

ISO/IEC 27701 is designed to identify requirements and provide guidance for the establishment, implementation, maintenance and continual improvement of a PIMS as an extension of ISO / IEC 27001 and ISO / IEC 27002 for privacy management in the context of your organization. A PIMS framework will help you run and maintain processes for your organization while providing confidence to your stakeholders.

This one-day course will help you understand the principles of ISO/IEC 27701 and the changes needed to expand your ISMS. It will help you understand how the ISO/IEC 27701 requirements provide the foundations for an effective PIMS and provide guidance on how to PII controllers and/or PII processors.

You will learn about ISO/IEC 27701 common terms and definitions, as well as basic concepts and requirements.
