

ISO/IEC 27701:2019 PRIVACY INFORMATION MANAGEMENT SYSTEM IMPLEMENTATION TRAINING COURSE

TIME (DAY)	2
TRAINING OPTIONS	General Participation & In-House & Online
LANGUAGE	Turkish, English
COURSE CODE/ACCREDITATION	A021452 / CPD

COURSE AIM

ISO/IEC 27701: 2019 sets requirements and provides guidance for the implementation of a privacy information management system (PIMS) in the context of your organization, in the form of an extension to ISO/IEC 27001 and ISO/IEC 27002 for privacy management.

By attending our two-day course, you will understand how to apply ISO/IEC 27701: 2019 principles and the changes needed to expand your ISMS. It will help you understand how the requirements of the standard provide the foundations for an effective PIMS and provide guidance for personally identifiable information (PII) controllers and/or PII processing processors.

You will learn how to apply the core concepts and requirements as well as the common terms and definitions of ISO/IEC 27701: 2019.

WHO SHOULD ATTEND

- Managers and consultants participating in privacy and data management,
- Responsible persons for Personally Identifiable Information (PII) in organizations,
- Persons responsible for ensuring compliance with data privacy policies and legal requirements,
- PIMS team members

COURSE CONTENT

- Basic requirements and guidance of ISO/IEC 27701 from both the PII controller and the processor application perspective,
- Identifying the benefits of an ISO/IEC 27701 PIMS implementation organization,
- Performing a gap analysis of compliance with ISO/IEC 27701 requirements,
- Implementing the basic requirements and guidance of ISO/IEC 27701,
- General project management process and connection with PDCA,
- Sample approaches for risk assessment and risk management,
- Resources-Expertise requirements,
- Specific guidance to PIMS related to ISO/IEC 27002,
- Information security policies,
- Human resources security,
- Physical and environmental security,
- Information Security Incident Management,
- Privacy Impact Assessment (PIA),
- Privacy by design

IMPORTANT NOTES

NOTE 1: We recommend that you have an ISMS implementation experience based on ISO/IEC 27001 and ISO/IEC 27002 to participate in ISO/IEC 27701: 2019 Privacy Information Management System Application Training.

NOTE 2: You must have a good understanding of PIMS requirements and terminology.

NOTE 3: 70% attendance is mandatory to obtain a training participation certificate.
