TRAINING OPTIONS	General Participation & In-House & Online
LANGUAGE	Turkish, English
COURSE CODE/ACCREDITATION	A021987 / CPD

COURSE AIM

ISO/IEC 27701: 2019 is designed to help organizations better understand, manage and reduce their risks around personal information. ISO/IEC 27701: 2019 is designed to identify requirements and provide guidance for the creation, implementation, maintenance and continual improvement of a PIMS in the form of an extension to ISO/IEC 27001 and ISO/IEC 27002 for privacy management in the context of your organization.

By participating in this one-day training, you will understand why measuring and analyzing framework implementation is so important and what areas internal audit should focus on to ensure its effectiveness.

This training will provide enough knowledge in auditing your implementation of ISO/IEC 27701: 2019 to enable you and your organization to understand, detect, correct and monitor the effectiveness of the framework. There will be a series of practical exercises and class discussions to improve your internal audit skills.
